Hi, I have an 04' international 4300. A/C will not work. the clutch it self is not getting power. I hooked a set of manifold gauges and the pressures look fine to me according to the temperature, now the AC check light was on the first time I checked it, I was able to read a lot of codes, I clear all of them, but three of them still coming back. 16:2 2033\_14A 9:1 611\_14P and 5:1 611\_14P I don ...

I desperately need a component locator and wiring diagram for a '03 4300 international. I have no ac clutch and cannot find the clutch relay or thermal limiter(if there is one). I have checked the hp & lp switches, there is another switch on the high side line near the condenser that has 3 wires, 2 grey & 1 green, only 1 grey one has continuity.
