### Peoples of Africa Portal | Britannica

People. Africa is now widely recognized as the birthplace of the Hominidae, the taxonomic family to which modern humans belong. Archaeological evidence indicates that the continent has been inhabited by humans and their forebears for some 4,000,000 years or more. Anatomically modern humans are believed to have appeared as early as 200,000 years ago in the eastern region of sub-Saharan Africa.

### Africa - People | Britannica

The ethnic groups of Africa number in the thousands, with each population generally having its own language (or dialect of a language) and culture. The ethnolinguistic groups include various Afroasiatic, Khoisan, Niger-Congo and Nilo-Saharan populations. The official population count of the various ethnic groups in Africa is highly uncertain, both due to limited infrastructure to perform censuses and due to the rapid population growth.

### List of ethnic groups of Africa - Wikipedia

Bantu peoples Bantu peoples, the approximately 85 million speakers of the more than 500 distinct languages of the Bantu subgroup of the Niger-Congo language family, occupying almost the entire southern projection of the African continent.
