Theme Park Designers and Masterplanners Directory by themeparX

Like playground equipment, there are a lot of lighting options available for park design. The best advice any park planner can get is to work with a theme. That doesn't only apply to the park's overall theme — whether that's recreating a historical look, capitalizing on natural features or introducing artificial, imaginary worlds. It includes designing your light plan to complement the entire park theme and remain relatively unnoticed. But bright!

Guide to Designing & Building a Park - Miracle Recreation

The feasibility study is the first step the development team takes in master planning a theme park because it provides important guidance for designers, construction companies, and management. An industry expert usually prepares this detailed study, which is required by potential lenders and investors.
